

# LinkoCTS/LinkoFOG

## System Requirements, Full SQL Edition

### WORKSTATIONS\*

Operating System** Both 32bit and 64bit	Windows XP SP-3 or later Windows Vista SP-2 or later	Windows 7
MS Office Software**	Microsoft Access, Word and Excel Most recent service releases of 2003, 2007, 2010 (32 bit***)	
Processor	Minimum: 1 GHz processor Recommended: 2 GHz processor or higher	
Memory	Minimum: 1 GB of RAM Recommended: 2 GB of RAM or more	
Hard Disk	Minimum: 250 MB of free disk space Recommended: 30% free disk space on Operating System drive or more	
Other	Keyboard, mouse, color monitor with 1024x768 resolution CD-ROM drive Minimum: Internet access Recommended: High speed Internet access	

### DATABASE SERVER

SQL Server System ** Both 32bit and 64bit	SQL Server 2005, 2008, 2008 R2 Enterprise, Standard or Workgroup Editions	
Hard Disk	Additional to SQL Server requirements, the Linko Database requires 1 GB of free space (This will increase as data is added or if Full Recovery is used)	
SQL Server Hardware and OS Requirements	Refer to Microsoft's website: SQL 2005: <a href="http://www.microsoft.com/sqlserver/2005/en/us/system-requirements.aspx#32">http://www.microsoft.com/sqlserver/2005/en/us/system-requirements.aspx#32</a> SQL 2008: <a href="http://technet.microsoft.com/en-us/library/ms143506.aspx">http://technet.microsoft.com/en-us/library/ms143506.aspx</a>	

### SHARED FILES (SERVER)

File Server	For storing Linko and User Shared Files. These files must be available to all Linko users. Users must be granted Full Control to the files. It is recommended that the files be available to all Linko users via the same UNC path (i.e. \\ServerName\ShareName) and that mapped drives not be used.
Hard Disk	250 MB of free disk space (This amount will increase over time as data is added)

LinkoCTS and LinkoFOG can also be run on terminal services including CITRIX systems.

\* **Minimum** is based on the oldest supported versions of MS Office as published on the Microsoft website. In most cases your needs will exceed these minimum requirements due to other software or operating system requirements. Visit <http://support.microsoft.com> and search for Office System Requirements.

**Recommended** is based on the typical demands placed on a PC or laptop to run a variety of software services and applications simultaneously and still provide above average performance of the Linko software. In general, faster processor speeds and larger RAM result in better performance.

\*\* Linko Technical support is provided for the most recent service releases of the noted Microsoft office products.

\*\*\* In a default installation of Office 2010, the 32-bit version is installed, even on 64-bit systems. To use Linko Software on 64-bit Office 2010, use the 32-bit default installation.

Find more version support information for Linko and Microsoft products at: <http://www.linkoweb.com/productlifecycle.html>
